- Portable design with ultra-small footprint
- Auto-exposure and color balance
- Mirror, flip, and rotate controls
- Scans color and black & white slides and film negatives
- Works with all SD and micro SD cards, SDHC cards up to 8GB
- Includes 1GB SD card
- Video output for viewing on an external video monitor

Rediscover your long-lost 35mm slides and film negatives with FILM 2 SD. This high-quality 5MP scanner transfers your images directly onto an SD card so you can enjoy your old pictures with the latest technology. Thanks to FILM 2 SD's large, full-color LCD screen, you don't even need a computer to make it work!

You can view your images on your digital picture frame, your television if it has an SD card slot, your mobile phone with a micro SD slot, computer, and other portable devices. Imagine all of your memories with you at home or anywhere you go.

Design and specifications are subject to change without notice.
